

MediaWiki Installation

Vishal Singh (2015csb1040)

Installing WampServer

- Downloaded the file from '<http://www.wampserver.com/en/>'
- Followed the instruction and installed the WampServer

Installing MediaWiki

- Created the database named 'my_wiki' in the *phpmyadmin*
- Downloaded MediaWiki 1.31.1 from '<https://www.mediawiki.org/wiki/Download>'
- Extracted the downloaded folder and moved it to the directory 'C:\wamp64\www'
- Renamed the moved folder to 'mediawiki'
- Opened the link 'http://localhost/mediawiki' in the web browser
- Followed the instructions and installed the MediaWiki
- Downloaded the configuration file to the 'mediawiki' folder
