

# MediaWiki Installation

## Installing WampServer

- Downloaded the file from ' <http://www.wampserver.com/en/> '
- Followed the instruction and installed the WampServer

## Installing MediaWiki

- Created the database named 'iitroparwiki' in the phpmyadmin
- Downloaded MediaWiki 1.31.1 from ' <https://www.mediawiki.org/wiki/Download> '
- Extracted the downloaded folder and moved it to the directory 'C:\wamp64\www'
- Renamed the moved folder to 'mediawiki'
- Opened the link 'http://localhost/mediawiki' in the web browser
- Followed the instructions and installed the MediaWiki
- Downloaded the configuration file to the 'mediawiki' folder
